

Join us in building the GrC Alumni Chapter (GrCAC).

Dedicated to serving the alumni and students of the GrC/Printing Department at Cal Poly.

Help us bring the GrC alumni together and connect with each other through activities and events on an organized basis. After 57 years, we have officially formed our own organization as an affiliate of the Cal Poly Alumni Association. Through your membership, we will be able to plan and direct events and activities that will provide you with the opportunities to network and connect or reconnect with other GrC alumni in the industry. You will also have the opportunity to help current students and follow the latest developments in the GrC Department at Cal Poly.
